

1. Please update your Microsoft Teams. Follow these steps to check whether a Teams update is successfully installed. **In Teams**, select your profile picture, and then click About > Version. On the same menu, click Check for **updates**. Wait for the banner at the top of the **app** to indicate that a “**refresh**” of **Teams** is needed. . Click the **refresh** link in the banner.

2. After launching Teams, click on own Avatar to go to Settings. Under General, check box that says “Turn on new meeting experience.....”

3.

Quit Team and relaunch.

4. Click on the 3 dots at the top to drag down to Large Gallery or Together Mode.
